Selectmen's Meeting

PUBLIC SAFETY BUILDING REPORT

Harold Roeder, chairman of the Public Safety Building Needs Committee, reported to Mattapoisett Selectmen that his committee had investigated and found a need for a new building to house both the Fire and Police Departments. Donald Wood and Lt. James Moran representing the Fire and Police Departments respectively on the Needs Committee were also present. Mr. Roeder had toured the town with the Massachusetts underwriter and said that 2 locations were suggested by him for such facility. The underwriter is expected to return for a more thorough inspection of sites at a later date. The chairman suggested that

the Water Department could be moved into the present fire station should a new building be built.

The Selectmen will study the report. Chairman R. William Blasdale said that he thought that the taxpayers should be given a voice in any further step. He suggested that approval should be sought within the annual town meeting to see if the townspeople want to continue the Needs Committee and authorize the planning and site choice for such a building.

FEDERAL DISASTER REPORT

Executive Secretary Stephen Lombard told Selectmen that he had been in contact with the Federal Disaster Assistance Administration on the subject of storm damage. He had been informed that tidal surge, wind damage and coastal flooding were the 3 categories of damage under which application could be made. Lombard reported known damage caused by wind and a fallen power line to water department electrical controls and equipment. The Selectmen asked him to meet with Highway Surveyor Manuel Nunes to determine what snow removal costs come under the federal reimbursement offer of 75% of the cost of contracted work with equipment

SEWER CONSTRUCTION INFORMATION

A number of questions has arisen concerning sewer connection location. Consulting engineers Tighe & Bond prepared the following statement to answer some of the questions and to introduce the resident inspector Art Usher who can answer specific questions in detail.

"Contracts for the construction of Water Pollution Control Facilities in the Town of Mattapoisett were signed on January 17, 1978.

"The Bay Corporation out of Boston, Massachusetts is the contractor for collector sewers in the downtown area and for the force main that will tie into the Fairhaven collection system; while the Mulholland Construction Company of Warwick, Rhode Island is the Contractor for the pump station to be constructed off Mahoney's Lane adjacent to the abandoned railroad bed.

"Construction work to date has been limited to clearing and grubbing along the abandoned railroad and to equipment and material deliveries in preparation for actual excavation and installation. However, if the weather is favorable, heavy equipment can be expected at the pump station site as well as at two work areas for pipeline installation - Main Street adjacent to Mahoney's Lane and the force main in Fairhaven working back toward Mattapoisett, in the next week or two.

"To date, a number of Mattapoisett residents have been surprised and bewildered by little 'Red' cards that have been delivered to their home with the word 'SEWER' printed in distinguishing letters.

"The cards are actually distributed to those homes where construction work can be anticipated within the next 4 - 6 weeks. The purpose is to identify the spot where each homeowner would like his sewer connection located.

"Specifically, as the collector sewer is constructed on each street, the Contractor is required to install a service connection for each home. This service connection is a 4-inch asbestos cement pipe and will extend from the sewer in the street to the property line of each homeowner.

"The 'Red' cards are intended to notify each homeowner of the intended construction and to make them aware that they must determine where it is most economical for them to tie into the street sewer and, therefore, where the Contractor should install the connection.

"In simple terms, if their existing house sewer pipe exits the house on the left side, their sewer connection should probably be located on that same side because the object is to minimize the distance to the sewer connection at the street property line. This will save the homeowner connection costs when the sewer construction is complete and he is allowed to tie in to the new facilities.

"In all cases, the key to locating the sewer connection is knowing where your existing sewer pipe exits the home and then determining how this pipeline can be redirected toward the street. When this location is determined, the 'Red' card should be placed in the front yard marking the approximate spot.

"The location chosen by the homeowner does not have to be an exact spot. The key is to have the sewer connection in the general area required to serve the home.

"As construction proceeds on each street, an inspector from Tighe & Bond Consulting Engineers will be available to answer questions and to assist each homeowner in locating where the sewer connection can be made. The inspector can assist, but it is the homeowner who must make the final decision because it is his property and therefore his responsibility.

"During construction, the Tighe & Bond inspector will visit homes to follow-up on 'Red' cards that have been distributed. Information and/or contact must be made with the homeowner or the sewer connection will be

left in the middle of the front property line. So, it is advisable to make inquiries and to cooperate now rather than to pay extra dollars in the future to reach a sewer connection that is improperly located.

DUFF PLUMBING ANNOUNCES

We have added another truck to our fleet expressly for the Marion, Wareham & Rochester area residents. We have had such an increase in calls that we have decided to install a direct, toll-free "Hot Line" for these customers. We have our plumber, Chet, who is a local resident and knows the area well. He will have a well-stocked supply of plumbing needs right at hand.

Are you disappointed to find yourself waiting two days for a plumber, then have him arrive with a helper to carry the tool box, and receive a bill for two men? We pride ourselves on sending one man on service calls.

We take good care of our old customers; it's new customers we're looking for.

Evidence of Rubella (German measles) and mumps immunization is desirable, but not required. If the required immunizations are incomplete for medical or religious reasons, a statement from a doctor or church official, stating the reasons for exemption, should be presented when registering.

A record of the child's growth and development may be helpful, such as a baby book or some other record.

On the day of registration parents will be briefed on the Kindergarten Screening Program which will take place during the month of April.

If a child is shown on the 1973 census parents should have received a letter notifying them of the registration dates. If you recently have moved to Mattapoisett, and have not received such a letter, please call Center School office, 758-2521.

"Anything Goes"

ORR MUSICAL

Will Sir Evelyn get over the rolls? Will Mrs. Harcourt and George Bernard Shaw ever get along together? Where do the seagulls go at night? The answers to these questions and more will be answered in ORR's production of "Anything Goes" March 31 and April 1 in the Gilbert D. Bristol Auditorium. "Anything Goes" features the music and lyrics of Cole Porter, including "Heaven Hop", "It's Delovely", "Anything Goes" and "You're the Top". This year's spring musical is under the direction of Mary Saloschin, a veteran in the field of drama. "Anything Goes" takes place on a cruise ship in the 1930's, with a passenger list ranging from public enemy number 13 to a nightclub singer to high society. So, for a night of music and comedy come and see ORR's production of "Anything Goes". Tickets are available at the door and anywhere you see a drama club poster.

Council on Aging

In this week's Presto Press you will find our ad for the full month of March. Seniors, please clip it out and save for reference and consult it to make reservations for trips which you wish to take. Please remember to call or stop off at the Town Hall on Monday or Thursday between the hours of 10:00 and 12:00 and ask for the Council on Aging. If Monday is a holiday, the office will be open on Tuesday. Please note that there has been a slight alteration in our procedure. All calls and reservations will be processed through the Selectmen's office. Anyone going to the Town Hall to make reservations and pay for tickets will do so at the Selectmen's office. The above mentioned hours and days still apply. Please pay for your tickets as soon as possible after making a reservation, as in most cases we have to order and pay for the tickets ahead of time.

We still have tickets available for the Trinity Square Repertory Theater's performance of American Buffalo. Those who did not attend our last trip to their per-

formance of Vanities have first choice,
but after Thursday, March 2nd, any Sen-
ior may buy an available ticket. Again
we stress that you do not have to be a
member of Mattapoisett Seniors but simply
a Senior citizen of the town. Our big bus
trip for the month is to the Massachusetts
Horticulture Flower Show at the Common-
wealth Pier in Boston. Tickets are half-
price but must be ordered and paid for
in advance. If the bus is not sold out by
the 9th of March, tickets and seats will
be made available to Seniors from neigh-
boring towns. We again suggest that you
carry a lunch and thermos, or plan to eat
at a nearby restaurant rather than stand
in line in the hall. Please note that two
trips that were snowed out have been re-
scheduled, but call in for reservations for
these as before.

The members of the Council wish to thank
all the volunteers who so willingly assist-
ed us in answering the telephone for re-
servations, etc. It is our sincere hope that
it will be more convenient for our Seniors
as the Selectmen's office is on the first
floor of the Town Hall.

PTC CAMPBELL SOUP CAMPAIGN

This year's Campbell Soup Campaign ends on Saturday, March 11th. We have less than 2 weeks to go and we still need many labels to reach our goals at Center and Old Hammondtown Schools.

All parents and friends are asked to send their labels in as soon as possible. Labels may be dropped off at either school or in the collection box in the A & P Store on Route 6. Please remember to send the front portion of all labels from Campbell Soups, Campbell Beans and

NEW CLASSES

New five-week classes in the physical activities program of the YWCA will begin soon.

Classes in Folk Dancing, Ballet for both children and adults, and Dance Experience (a modern interpretive dance class), will be offered for those who like to combine exercise with music.

Slimnastics classes, Yoga, "Feeling Fit" for older citizens, and Tumbling for 3-5 year olds offer varying degrees of exercise for the young and young-at-heart.

Classes are limited, so registration should be made as soon as possible by calling

WHEATON COLLEGE SENIOR NAMED TOWN PLANNER

Laurel Jenney, a senior at Wheaton Col-
lege, has been named Town Planner through
June 1978 for the town of Norton, as announced
in January by the members of the Planning
Board. She is the second female Town Plan-
ner in the town's history.

Miss Jenney, daughter of Mr. and Mrs.
David Jenney of Stratford, Conn. and Mat-
tapoisett, previously worked in the Planning
Board office on the so-called "master plan"
and on a bicycle path program for the town.
She also worked on the transition from
present zoning by-laws to the so-called
"808 plan".

Her Wheaton thesis will be on land manage-
ment and she has concentrated on land use,
economics, government, geology and bi-
ology. During the summer she held a po-
sition with the Southeastern Regional Plan-
ning and Economic Development District

At Wheaton, Miss Jenney is on the senior class advisory board but she says she has had more to do with the town than with the school. She will be working three days a week for the town involving a total of 25 to 30 hours. Her performance will be evaluated after her graduation in June and a final determination will be made then as to whether she will be retained on a full time basis after that.

Miss Jenney also has an artistic side and does scrimshaw as a hobby. She is the granddaughter of Mr. and Mrs. Winfield Jenney and Mrs. Edmund Ferry, all of Mattapoisett.

NAMED TO DEAN'S LIST

Among the ninety students at Hartt College of Music, University of Hartford, who have earned a place on the dean's list for the first semester of the 1977-78 academic year are: Charles S. Hutchings, 19 Oakland Street, Mattapoisett; and Melanie J. Wolak, 498 Mill Street, Marion.

The list, released by Miss Elizabeth Warner, dean of Hartt College, is prepared twice a year in recognition of academic achievement.

BLACK ORPHEUS AT SMU

On Sunday, March 5, at 8 P.M. Marcel Camus' Black Orpheus will be shown in 30 PRESTO PRESS March 1, 1978

the Southeastern Massachusetts University auditorium. This Brazilian film, thought to be one of the most beautiful films ever made, retells the legend of Eurydice and Orpheus in a modern setting. With Eurydice as a country girl fleeing from a man sworn to kill her and Orpheus as a street car conductor, the film is set in the favela section of Rio de Janeiro. Black Orpheus is enhanced by some of the most magnificent

color photography and music ever put on film, according to the SMU Foreign Language Club.

In 1959 Black Orpheus was awarded the Grand Prix at the Cannes Film Festival and the Academy Award for the Best Foreign Film. It is in Portuguese with English subtitles. This film is sponsored by the SMU Foreign Language Club.
